What We Use for Telephones and Telegraphs

MILES OF WIRES

OVER 15,000,000

368,407,509 MESSAGES IN'07

More than 15,000,000 miles of single wire are used by the people of the Inited States in communicating with ch other over the various telephone and telegraph systems. Of this number, 12,999,369 are operated by the teleat the equator more than 600 times. erest to the public as well as to sta-

statistics and information concerning the telegraph industry. It is prepared as a part of the Census of Electrical Industries for 1907. There have been but three censuses of the telegraph systems of the United States. The first formed a part of the census of 1880; the others, in 1902 and 1907, were provided for by special acts of Congress. The last two were taken and the results compiled by Chief Statistician Steuart, with T. Commerford Martin, of New York, as consulting expert special agent. Other bulletins and reports for the 1907 census will give the statistics for street and electric railways, central electric light and power stations, and telephone systems.

The bulletin points out that for cen The bulietin points out that for census purposes the telegraph industry of the United States is divided into five classes: Commercial telegraph and ocean cable, wireless telegraph, rall-road telegraph, governmental telegraph, and municipal electric fire alarm and police patrol signalling sys-

graph, and municipal electric fire alarm and police patrol signalling systems.

Over the telegraph wires in 1907 there were flashed 388,479,509 messages, of which 5,889,317 were cablegrams. Going into comparisons between the statistics of the twenty-five commercial land line and ocean cable telegraph systems and of the telephone elegraph systems and of the telephone makes in 1844, and thirty-two years later the telephone was introduced. At the 1880 census the telephone companies reported 34,305 miles of wire, about one-ninth of the mileage of the telephone mileage of wire was almost four times as great as that used for telegraph purposes. In 1907 the telephone mileage of wire was almost four times as great as that used for telegraph purposes. In 1907 the telephone mileage was eight times as great as the telegraph industry, and during that year it furnished employment for more than five times as many persons.

Between 1902 and 1907 there was an addition of 3,088,918 miles of wire for the use of the telephone systems, as to compared with an increase of but 258,611 in the mileage of owner was an addition of 3,088,918 miles of wire for the use of the telephone systems, as to compared with an increase of but 258,611 in the mileage of owner and amount of wire added to the telegraph purposes. SUTTON FAMILY BELIEVES FIRMLY IN THE OCCULT

(Special from United Press.)
Portland, Ore., Aug. 12.—That the entire Sutton family believes firmly in the occult. In mental telepathy and in communication with the spirits separated, is borne out by a statement made by Miss Daisy Sutton, the young sister of the dead marine officer, who declared that on the night of October 15,1907. Mrs. Parker and herself, both sisters and Mrs. Margaret Ainsworth, an aunt of the young officer, had a vision.
This was the night Lieutenant Sutton died. The three women claim that of white and very light colored straws.
Shantung coats, trimmed with linen are one of the vagaries of the year, and are responsible for a good many chic effects.

This was the night Lieutenant Sut-ton died. The three women claim that he appeared to them in their dreams and said: "Some son-of-a-gun sneaked up behind me and struck me in the back of the head. I did not know I had been shot until I woke up in Eternity. I certainly did not shoot myself." myself."
The three women were separated by

Mrs. Sutton, the mother of the dead officer, on the witness stand at the Annapolis hearing, has sworn that she, too, had such a dream and that her son's spirit appeared to her and begged her to continue her investi-gation to prove that he did not kill himself. the tribles.

The Reboux bow is a step in the direction of the old-fashioned bow. It is bow but not flat, being nipped in to a tight center and perched coquettishly on a hat devoid of other tribuning.

Deaths and Funerals.

Simplicity marked the funeral services of the late Roderick Perry Curtis, held from his home in Pequot avenue. Southport, this afternoon at 2:30 o'clock, and thence to Trinity Protestant Episcopal church, where the rector, Rev. Edmund Guilbert, D. D., read the funeral services, assisted by the full church choir. In attendby the full church choir. In attendance at the funeral were many members of the Sons of the American Revolution, the deceased being president of the State branch. Full Masonic rites were observed at the grave in Oak Lawn cemetery.

Many sorrowing friends and relatives gathered this morning at the residence of Edward Madigan, 874 Main street, at 8:30 o'clock to pay their last respects to Morgan P. Madigan, who died suddenly Tuesday afternoon. At the house a quartette from the lodge of Elks rendered a number of appropriate

Elks rendered a number of appropriate hymns. From the house the funeral coretge proceeded to the Sacred Heart church where Rev. William Fitzgerald read the services. The pall bearers were members of the Bridgeport Lodge of Elks. They were Harry Quinn, Charles F. A. Biltz, Dennis Kelly, Isaac Williams, John Seery and Emmett Donnelly. The interment was in St. Michael's cemetery where the Elks' Michael's cemetery where the East services were read.

The funeral of Eleanor E., wife of John Ritchings, was held this after-noon from her late residence, 83 Ran-dall avenue, at 4 o'clock, Rev. Morgan Millar, pastor of the Olivet church, conducting the services. The inter-ment was in Park cemetery.

SON TO MR. MURRAY. T. F. Murray, treasurer of the T. F. Murray Co. Inc., is being congratulated because of the arrival to-day of a son at his home, 784 Noble avenue.

Farmer Want Ads. 10 a

WOULD BE LARGEST IN THE WORLD

Ambition of Warner Bros On Eve of Being Realized

-Young Women Needed. It is said to be the ambition of Warner Bros. company to be the largest manufacturers of corsets in the being made by City Engineer Mc-began here. With the completion of the adthe telegraph companies. This length dition to their factory now in proof single wire would encircle the earth cess they will be well on the way to see their hopes realized. As the Farmer has already said this extensive construction is expected to double the capacity of the present plant. Now employed are 2,200 hands. It is not impossible that within the near future this number will reach 4,400 hands. The difficulty will be to find the young women to do the work.

B. January 1, 1910, a thousand capsible girls will have to be found. The engineer is making a test of the brick taken from each carload. The brick must stand a test equal to the one the samples were put to before the contract. The samples were below the test of the National Brick Manufacturers' Association, which allows for a 20 per cent. loss in weight after being run in a tumbling machine for a certain number of hours. The test brick lost 22.68 per cent. of their weight. Each car-These and many other facts of in- Farmer has already said this extenterest to the public as well as to statisticians and scientists, are to be found in the advance proof pages of United States Census Bulletin 102, on the general subject of telegraph systems in the United States in 1907, prepared by William M. Steuart, chief statistician for manufactures, uhder the direction of United States Census Director E. Dana Durand. It will come from the press of the government printing office within a week.

There are in the bulletin forty-seven pages of text, summaries, and tables, forming an extensive compilation of statistics and information concerning the telegraph industry. It is prepared as a part of the Census of Electrical Industries for 1907. There have been but three censuses of the telegraph systems of the United States. The

strange community.

Yet undoubtedly the prospect will tempt many young women. The company much prefers girls who are so capable that they can earn \$15 a week. They do not want any girl it is said who cannot earn at least \$9 a week.

TAX BILL WORKS Pretty Little Mrs. Huff Tear-

No Military Enrollment Registrar, But Several "Sobs" for All That.

Poughkeepsie, Aug. 12.—Attorney Charles Morschauser, who represented Thaw at White Plains, was not sur-Thaw at White Plains, was not sur-prised at the decision of Justice Mills, believing that Thaw's own conduct at the hearing proved to be his undoing. Morschauser left here about noon to go to White Plains to confer with his client. As he took the train he said to

client. As he took the train he said to a United Press representative:

"Candidly, I rather anticipated this decision. Thaw's own conduct during the trial did not help his case any. Judge Mills paid much attention to Thaw during the hearings and that is what caused me more than anything else, to look for the decision that was handed down to-day. I haven't seen the full decision yet but I understand that it declares Thaw a paranolac. We shall certainly appeal. If the court simply dismisses the writ that will be the end of this attempt. We are not discouraged and will try again when the proper time comes.

"The decision may keep Thaw in the asylum for a time longer, but it does

"The decision may keep Thaw in the asylum for a time longer, but it does not really prove that Thaw is insane." A telephone message from Matteawan says that Thaw's former quarters there are being prepared for his return which is expected to-night.

New Ballot Law Gets Through Senate

Committee of Conference Named on Johnson's Telephone Night Rate Bill.

(Special from United Press.) Hartford, Aug. 12.-The Senate pass ed the new Australian ballot law in the same form passed by the House. It is to take effect on July 1, 1910. The telephone night rate bill again came up in the Senate on Senator Peck's motion this morning, the Senata finally granted the request from the House for a conference committee and made Senator Searls the Senate cop-

The members of the Yost baseball team, which club has been deposed as leaders of the Industrial League met this morning and decided to play the game scheduled with the Bridgethe game scheduled with the Bridgeport Brass company team at Steeplechase Island, so as not to disappoint
their sympathisers in the Bridgeport
Brass Co., where it has extensively
advertised that the team from each of
the factories would meet on that date,
as the Bridgeport Brass Company Mutual Benefit Association is to hold a
field day. Besides this game there will
be a preliminary between the Manufacturing and Raw Material departments of the factory. After the games
there will be races of all kinds, inciuding base running between the
members of the Yost and Brass teams.

WILL COMMISSION EXCITEMENT IS PAY MORE MONEY?

Pavement 36c Yard Less Than Private Contracts

TESTING FAIRMONT BRICK REAL FIGHT IS COMING

The permanent paving and sewer commission is having a few anxious mgments to-day for fear that the Fairmont brick pavement ordered for South ger controversy when todya's session have arrived and, in compliance with tion of irrigated lands "is not a poor the specifications, the engineer is per cent. of their weight. Each car-load of brick that comes is to be test-

Many citizens, who believe that the city should lay its own pavement are watching the commission to see if it will award the contract for laying the South Main street brick to a private contractor. Public opinion is with Director Biltz in view of the fact that his estimate furnished the commission for the cost of the work is 36 cents a square yard cheaper than the bid of the lowest private contractor. The commission failed to support its charges that the cost of paving Golden Hill street was exorbitant. The commission will decide to-marrow night. Many citizens, who believe that the

UNHAPPY WEDDED LIFE ENDS IN THROAT CUTTING

fully Relates Story of Almost Tragedy.

Twelve unhappy years of married life, culminating last night with an attempt by her husband to kill a sym-pathizing friend, is the sad tale that Mrs. Charles F. Huff of 7 Myrtle Court told a Farmer reporter today. After repeated efforts to see his wife last night Huff burst in the front door of the residence of Carl G. Carlson, where Mrs. Huff is boarding, and, rushing to the top of the front stairs, attacked his wife. Mrs. Huff screamed and Preston Blake, who had been visiting her, hurried to her assistance. As he stepped between the woman and her husband, the latter drew what Blake thinks must have been a razor, and slashed him across the neck above the thorax, and inflicted a wound that required ten stitches to close.

Mrs. Huff has been working in Warner Brothers corset factory in order to support herself, while her husband worked as a machinist in Mount Vermon, N. Y. Huff has always been derlinguent in aiding his wife, but has done practically nothing for her since their little girl was born seven years ago. The child is now in the care of a niece of Mrs. Huff's in Wallingford, Conn. told a Farmer reporter today. After

Mrs. Haff is a trim little woman of about 35 years, and has been trying to make the best of a bad lot in life. She has always borne an excellent reputation and regrets exceedingly the present notoriety that has befallen her. Last night after Biske had been cut by her husband, she rushed out of the back door of the Carlson home

plaining when a fellow has no money to push an affair like this?" Blake is to push an affair like this?" Blake is a strapping young man of good appearance and has been steadily employed at the Singer Manufacturing Company until three weeks ago when his department shut down. He said that his acquaintance with Mrs. Huff had been of only two weeks duration, and that his interest in her came from his sympathizing nature, for he was impressed with her misfortune and had tried to comfort her.

Blake is under the care of Dr. Wason and will probably be able to get out within a few days. He lays his fortunate escape to the fact that he wore a linen collar last night instead of a soft collar as has been his habit during the warm weather. The razor cut through

warm weather. The razor cut through the collar which prevented what might have been a fatal injury to Blake.

TAFT'S COMPANIONS ON WESTERN TRIP

(Special from United Press.)
Beverly, Mass., Aug. 12.—Secretary
Carpenter to-day sent urgent messages
to the cities President Taft will visit to the cities President Taft will visit this fall asking the chairmen of the entertainment committees to send in their programs at once by wire. On the western trip the President will be joined at El Paso, Tex., by Secretary of War Dickinson, who will make the last end of the journey with him. Secretary Nagel will come aboard the President's car for the ride through Mississippi and Secretary Ballinger will accompany him through some of the far western states. the far western states.
Dr. J. J. Richardson, the throat spec-

ialist of Washington, who was with Mr. Taft on a campaign trip last fall, will be with him on the journey to the will be with him on the journey to the west to look after his throat and general health. The President will also be accompanied by Captain Butt, his military aide and Assistant Secretary W. W. Mischler. Secretary Carpenter will conduct the White House business affairs from Washington while the President is away.

According to the program arranged the President will spend all of September in Seattle and will reach Tacoma on the afternoon of October 1. He will then go direct from Portland to Tacoma instead of going back to Seattle as was at first arranged.

The most interesting event of the

The most interesting event of the President's trip will probably be his meeting with President Diaz of Mexico at El Paso. The exact place and manner of the meeting has not been told the President and it was to stir up the Presidential arrangement comup the Presidential arrangement com-mittee perhaps more than any other committee on the map that Secretary Carpenter sent out his hurry up mes sages to-day.

WANT ADS. CENT A WORD.

City Can Lay South Main St. Over Pinchot-Ballinger Controversy at Irrigation Congress.

(Special from United Press.) Spokane, Aug. 12.—Excitement still intense over the Pinchot-Ballinman's proposition," and the unspar ing denunciation of Ballinger by Former Governor Pardee of California, have created a profound impression upon the delegates.

The real fight is expected when the

The real fight is expected when the congress is called upon to act on the resolutions now pending. Some of these are covertly denunciatory of Ballinger's actions.

Addresses by L. H. Balley, director of the New York State College of Agriculture on "The Farm Community," Former Governor Alva Adams of Colorado on "Apples and Alfaifa," Professor Samuel Fortier chief of the strigation investigations, Department of Agriculture, on the "Proper Use of the General Federation of Women's Clubs, on "What Women are Doing for Conservation," were delivered at this morning's session.

This afternoon there were also a number of speakers. Replying to statements made before the congress that power sites had been secured by the water power trust through the medium of graft, Ballinger said:

"The records at Washington will show, I am told, that not a single power or dam site was taken by private individuals during the time that one million acres were opened for entry in April."

The secretary started today for Billings, Montana.

MR. HAWKINS WILL.

MR. HAWKINS WILL OPEN FLOWER STORE

Will Known Young Business Man Embarks for Himself.

This city is going to have another florist store, its proprietor will be Robert H. Hawkins, who has been the manager of the store of James Horan & Son for the past eighteen years. The new store will be located in the Stratfield hotel building and will be ready for business about Sept. 1. Mr. Hawkins is a native of this city and one of the best known young business men.

men.

There is little doubt but that he will meet with success as he is one of the most artistic designers of floral pieces in the state. Many of the most beautiful funeral pieces that have attracted much attention in this city for the past dozen years were the creations of Mr. Hawkins. The new store, which will be at the head of Gold street, will be arranged in metropolitan style and will carry a large display of potted plants in their season and a complete line of cut flowers at all times.
